Scientific and Professional Experience:

Teaching characteristics & Methods I Use in My University Teaching

✓ Set goals
✓ Be prepared
✓ Don't lecture directly from the textbook
✓ Write key points on the board briefly
✓ Encourage students to participate in class
✓ Use visual aids, videotapes, overheads, and films
✓ Use real-world examples (Use concrete examples)
✓ Discuss current research findings in class
✓ Be fair with all students
✓ Be available for students
✓ Use different teaching strategies such as Lecture, cooperative learning, flipped classroom, group discussion, and gamification.

Personal characteristics & Technologies Used (examples)

✓ Be punctual for class (Be prompt for class)
✓ Vary teaching methods (Vary class formats)
✓ Review previous day's lecture at the beginning
✓ Encourage cooperative learning
✓ Be relaxed and occasionally humorous.
✓ Utilize modern IT in teaching (Use E-Learning in the classroom)
✓ Maintain eye contact with students
✓ Do not embarrass students (Don't embarrass students by publicly calling on them)
✓ Vary voice levels
✓ Speak slowly and clearly
✓ Move around actively
✓ Base grading on various factors

Professional Experience
